

FLVCS :60 radio “Losers and Suckers”

ANNOUNCER:

And now a word from the Florida Veterans for Common Sense – or as President Trump has called us – as reported by Fox News and other news outlets -- the ‘losers’ and ‘suckers’.

Many of us ‘losers and suckers’ have lost arms and legs...thousands more have lost their lives defending this country we love.

Calling us names is what bullies at playgrounds do. It’s an insult to America’s military, to whom the President should apologize immediately.

People have bigger problems than your name calling, too: you have failed in our life and death struggle against COVID-19 -- which has also devastated our economy, so that many of us can’t even put food on our tables.

All of us ‘losers and suckers’ will vote on November 3rd. We hope anyone who supports the troops will join with us.
